

# Make Believe LEGO Challenge!

## Materials needed:

Legos!

Or, use wood blocks, construction paper, and other household materials

- Using only six LEGO bricks, build a model of an animal.
- Adding four more bricks, turn the animal into a magical creature.
- Describe the animal
  - What does it need to live?
  - What does it like to do?
  - What kinds of animals does it hunt? (the *prey*)
  - What kinds of animals hunt your magical creature? (the *predators*)

Repeat as many times as you wish. Make a whole collection of make believe animals! When you're done, take pictures of your models and write a description of what you know about your animals and send to your teacher.

Have fun!
